

EVENTFLOW – Main Purpose

1 ইভেন্ট ম্যানেজমেন্টকে সম্পূর্ণ ডিজিটাল করা

Full Digitization of Event Management

- বর্তমান সব কাজ manual: event creation, registration, announcements, ticketing, attendance.
 - Manual processes take time, cause errors, and create scattered data.
 - EVENTFLOW makes the entire workflow digital, faster, error-free, and centralized.
-

2 ছাত্রদের জন্য Personalized Event Suggestion প্রদান

Personalized Event Recommendations

- Department, interests, hobbies, major, and completed courses are analyzed.
 - Helps students discover relevant events easily.
 - Boosts participation and engagement.
-

3 QR-ভিত্তিক স্বয়ংক্রিয় Attendance System তৈরি করা

Automated QR-Based Attendance System

- Removes manual sheet errors, queues, and delays.
 - Provides instant, accurate, real-time attendance logging.
-

4 Digital Ticketing & Secure Payment System স্থাপন

Digital Ticketing & Secure Local Payment Integration

- Supports Free/General/VIP tickets.
- Smooth integration with bKash/Nagad.

- Automates coupon/discount logic.
-

5 Automatic Certificate Generation নিশ্চিত করা

Automated Certificate Generation

- Certificates generated instantly after verified attendance.
 - QR-verifiable and portfolio-ready.
-

6 Strong Governance Structure প্রতিষ্ঠা

Strong Governance for University & Club Admins

- Clear hierarchy: Super Admin → Club Admin → Moderator → User.
 - Better control, accountability, and access management.
-

7 Unified Campus Digital Ecosystem তৈরি করা

Building a Unified Campus Digital Ecosystem

- Centralizes: Registration → Ticketing → Attendance → Certificates → Feedback → Analytics.
 - Creates one holistic platform for all event-related activities.
-

8 Manual Check-ins বাদ দিয়ে Queue-Free Entry নিশ্চিত করা

Eliminating Manual Check-ins for Queue-Free Entry

- BEFORE: Long queues & manual errors.
 - AFTER: Instant QR check-in—smooth and fast.
-

9 Unstructured Governance সমাধান করা

Fixing Unstructured Governance in Event Management
